| Date replacement qualifications listed | May 2019 |
| Next qualification review date | 31 May 2024 |

Summary of review and consultation process

Consultation with stakeholders and canvassing of industry leaders and representatives of the only programme provider indicated that only minor changes required by new NZQA templates were required.

The results of the consistency review were considered.

Consensus from stakeholders was obtained for the reviewed qualification.

Main changes resulting from the review

New Zealand Diploma in Aeronautical Engineering (European Regulations) (Level 5) with strands in Mechanical and Avionics [Ref: 2133].

The qualification was reviewed, and Version 2 was published. The main changes included:

- Minor typos corrected in graduate outcomes
- Formatted according to new template
- Requirements for consistency changed from “must include” to “may include”.
