Summary

Careerforce has completed the revision and rollover of the unit standards listed above. The revision and rollover is part of a multi-year plan to get all unit standards for which Careerforce is the SSB up to date with their planned review dates.

The units listed above were selected because:

- there have been no major changes within the sectors the standards apply to,
- no concerns have been raised regarding these standards through national external moderation,
- there has been no feedback from assessors or stakeholders that there have been any issues with these unit standards.

In preparation for submitting this application, all organisations with Consent to Assess against any of the units were advised of this intention and all units were posted on the Careerforce website with stakeholders having the ability to respond if they thought the any of the designated unit standards should not be included in the Rollover.
