

**Field      Engineering and Technology**

**Revision and revision and rollover of *Refrigeration and Air Conditioning* unit standards**

<b>Subfield</b>	<b>Domain</b>	<b>ID</b>
Mechanical Engineering	Refrigeration and Air Conditioning	3837, 3841, <b>3842</b> , 3846, 3847, 3851, 3852, 22707, 23959, 28950, 28952, 28955-28960, 28962-28966, 28968, 28969, 29100, 29563, 30127

Competenz has completed the revision, and revision and rollover, of the unit standards listed above. The standard listed in **bold** has been revised and rolled over.

**Date new versions published**

**October 2020**

**Planned review date**

**December 2020;  
December 2021 (for 30127)**

**Summary**

Industry identified that some legislation and codes listed in the references of the unit standards were out of date. All legislation, codes of practice and references were updated as a result.

Full review of these units will commence in December 2020.

**Main changes**

- Guidance Information was amended to reflect current legislation, codes of practice, references, definitions and entry information.
- Unit standards were formatted to align with the current template.
- Prerequisite information was amended to reflect licensing requirements, where relevant.
- Planned review date for unit standard 3842 was rolled over to December 2020 to align with other standards.
