

Field Engineering and Technology**Extension of expiry date of *Surface Extraction* unit standard 21154**

Subfield	Domain	ID
Extractive Industries	Surface Extraction	21154

MITO New Zealand Incorporated has completed the extension of expiry date of the unit standard listed above.

Date new version published

July 2020

Summary

The last date of assessment did not align to the expiry of the National Certificate in Extractive Industries (Mining Administration Surface Extraction B Grade) (Level 5) [Ref: 1536]; therefore, the standard required a change in expiry date to align with the national qualification expiry and ensure its achievability.

Main change

- The last date for assessment of the standard was extended from 31 December 2020 to 31 December 2023.
