#### Review information

Qualification Developer	NZ Marine and Composites Industry Training Organisation
Reason for the review	Scheduled 5-year review
Review date	June 2020
Outcome date	November 2020
Next review date	November 2025

#### Summary of review and consultation process

The scheduled review of this qualification commenced in 2019 and ran through to early 2020. The review included consultation with industry and sector groups, NZ Marine and Composites Industry Training Organisation (NZMAC ITO) board, technical expert, and assessors.

Feedback identified the need to remove the Canvas Sail Making strand as it was unlikely to be used considering the advancement in material technology for composite sails.

Consultation took place on various dates at NZ Marine House and the final draft of the qualification was supported by stakeholders and the management Board during the meeting.

#### Main changes resulting from the review

Version 2 of this qualification includes the following changes:

- removal of Canvas Sail Making strand and title for the qualification updated to reflect this
- outcomes 6, 9, 12, 15, and 19 combined into one of 20 credit value and moved to the core section of the qualification
- education pathway updated
- minor amendments to wording in the graduate profile outcomes of the qualification to be more consistent and aligned with current industry practice
- general conditions for programmes updated to reflect changes to legislation.
