# Change report for the review of Timber Structure Detailing New Zealand Qualification

### Reviewed qualifications

Ref	Version	Qualification title	Level	Credits
2085	1	New Zealand Certificate in Frame and Truss Detailing (Level 4)	4	160

### Review information

<b>Qualification Developer</b>	Building and Construction Industry Training Organisation
<b>Reason for the review</b>	Scheduled 5-year review
<b>Review date</b>	December 2020
<b>Outcome date</b>	April 2021
<b>Next review date</b>	April 2026

### Summary of review and consultation process

The qualification was reviewed by a working group comprised of industry representatives.

The review highlighted that the qualification did not sufficiently reflect the complexity of the current timber structure detailing role due to an overemphasis on knowledge of the fabrication process and an under-emphasis on building standards, design and engineering principles and the project and process management required to ensure that timber framing is detailed to building compliance.

Consultation included:

- initial face-face meeting to discuss the current qualification and outline the key skills, knowledge and attributes currently required.
- site visits to undertake task analysis for the detailer role.
- extensive consultation with the working party to confirm the details of the replacement qualification.

The outcome of the review was the replacement of the current New Zealand Certificate in Frame and Truss Detailing (Level 4) [Ref: 2085] with the New Zealand Diploma in Timber Structure Detailing (Level 5) [Ref: 4377].

### Main changes resulting from the review

The New Zealand Certificate in Frame and Truss Detailing (Level 4) [Ref: 2085] will be discontinued. It has been replaced by the New Zealand Diploma in Timber Structure Detailing (Level 5) [Ref: 4377].

## Review outcome

Reference	Version	Reviewed qualification	Outcome category	New qualification details/version (if applicable)
2085	1	New Zealand Certificate in Frame and Truss Detailing (Level 4)	<i>C-New replacement qualification</i>	New Zealand Diploma in Timber Structure Detailing (Level 5) [Ref: 4377]

## Qualification review outcome categories
