Key to the Qualification Review Categories

Category A The qualification is published as a new version with the same NQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required

Category B The qualification is published as a new version with the same NQF ID	Changes are made to title, rules or components The new version of the qualification recognises a similar skill set to that recognised by the previous version The SSB is confident that people awarded the new or previous version are comparable in terms of competence Transition arrangements are required if candidates must gain additional/different credits for the new version
Category C A new (replacement) qualification is published with new NZQF ID	Significant changes are made to the qualification in terms of components, structure, type or level The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification Transition arrangements are required Transition may be limited to phase-out dates
Category D Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry The qualification is designated as expiring and a last date for meeting the qualification requirements is set
