NZQA National Qualification Services has completed the reinstatement to extend the expiry date of the unit standards listed above.

**Date new versions published**

**January 2021**

**Summary**

The extension of expiry dates has been undertaken at the request of ATC New Zealand. This three month extension is to enable currently enrolled learners to complete their programme aligned to the New Zealand Certificate in Business (Administration and Technology) (Level 3) [Ref: 2452], and to allow time for the updated programme to be approved towards the new version of the qualification published in July 2020.

For information on replacements relationships, see the [January 2017 change report](#) for the review of Computing unit standards.

**Main changes**

- The standards were reinstated to allow for a last date of assessment to 31 March 2021.
