MITO New Zealand Incorporated has completed the review of the unit standards listed above.

Date new versions published

July 2021

Summary

MITO undertook analysis of currently listed Industrial Textile Fabrication unit standards and identified a number that are no longer being used and have not been awarded in four years or longer. The decision was made to expire these standards as they no longer align with industry need. Consultation was carried out with consent to assess holders in June 2021 advising them of the expiry of these standards with the option to feedback. No feedback was received.

Main changes

- 28 unit standards were set to expire without replacement.

These Category D unit standards will expire at the end of December 2022
