Republication information

Qualification Developer	Building and Construction Industry Training Organisation
Reason for the republication	Extension for last date for entry to and assessment of qualification.
Review date	June 2021

Summary of review and consultation process

The last date for entry to programmes leading to this National qualification and the last date for assessment has been extended to provide prospective learners programmes to enter whilst awaiting the development and approval of unit standards and programmes for the replacement New Zealand qualification.

Main changes resulting from the review

The last date for entry to programmes leading to this qualification has been extended from 30 June 2021 to 31 December 2021.

The last date for assessment of this qualification has been extended from 31 December 2021 to 31 December 2022, when the qualification will be discontinued.

The qualification has been republished to reflect these dates.

Transition information

Reference	Version	Qualification title	Last date of entry*	Last date of assessment
0756	2	National Certificate in Flooring with strands in Carpet Installation, Fine Sand and Finishes, Flooring Planning and Design, Resilient Flooring Installation, Substrate Preparation, Timber Overlay Installation, and Resin Flooring Application	31/12/21	31/12/2022

*only required for outcome category C or D

Any additional information

People enrolled in the expiring National certificate will need to complete by the last dates or transfer to a programme of study or training leading to the replacement New Zealand qualification.

It is not intended that anyone be disadvantaged by this review. However, anyone who feels they have been disadvantaged can appeal to the Building and Construction Industry Training Organisation (BCITO) at the contact details below:
