

Field Agriculture, Forestry and Fisheries**Review of Pork Production unit standards**

Subfield	Domain	ID
Pork Production	Pig Health and Nutrition	18467, 25389, 25391
	Pig Husbandry	18461-4, 18466, 18468, 18469, 18472, 25390
	Pork Production Unit Management	22072

The Primary Industry Training Organisation has completed the review of the unit standards listed above.

Summary

The 2018 review of pork unit standards to align them with revised qualification outcomes identified unit standards that had little usage in the previous two years. Following consultation with industry stakeholders and consent to assess holders in the 2018 review it was confirmed that the unit standards were no longer required by industry at that stage.

Consent to assess holders were contacted again in March 2021 and notified of the pending unit standard expiry. There was no feedback received or any requests to retain the units. The unit standards were therefore expired.

Main changes

- Unit standards were expired due to little or no usage in the last two years, and no anticipated usage in the future.

Category D unit standards will expire at the end of December 2023**Detailed list of unit standards – classification, title, level, and credits**
