Revision of *Temporary Traffic Management* unit standards

Subfield	Domain	ID
Infrastructure Works	Temporary Traffic Management	31957-31963

Connexis Infrastructure ITO has completed the revision of the unit standards listed above.

Date new versions published

May 2021

Planned review date

December 2024

Summary

The purpose of this revision was to align seven temporary traffic management unit standards with new terminology required by Waka Kotahi the NZ Transport Agency.

The unit standard revision process involved consultation with the industry reference group and technical advisers during March 2021. Industry feedback was received by email and technical adviser meetings.

Main changes

- Role titles in the unit standards were changed from Traffic Controller (TC) to Traffic Management Operative (TMO) and Site Traffic Management Supervisor to Site Traffic Management Specialist (STMS).
- Guidance information terminology was changed from New Zealand Transport Agency (NZTA) to Waka Kotahi NZ Transport Agency.
- The title of unit standard 31963 was changed to Site Traffic Management Specialist.
- The prerequisite for unit standard 31961 was changed from 31960 to 31959.

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Engineering and Technology > Infrastructure Works > Temporary Traffic Management
