Review information

Qualification Developer	Waihanga Ara Rau Workforce Development Council
Reason for the republication	Extension to last date for entry to and assessment of National qualifications.
Republication date	December 2021

Summary of review and consultation process

The last date for entry to programmes leading to these National qualifications and the last date for assessment has been extended.

This is to accommodate the learners who have been unable to complete learning and assessment before the previous last date for assessment due to the restrictions and impacts of COVID-19 throughout the country.

Extending the last date of entry and of assessment will also enable programmes leading to the replacement qualifications to be developed. These programmes were delayed due to the Reform of Vocational Education (RoVE) and the impacts of COVID-19.

Main changes resulting from the review

The last date for entry to programmes leading to these qualifications has been extended from 31 December 2021 to 30 June 2022.

The last date for assessment of these qualifications has been extended from 31 December 2022 to 31 December

2023, when the qualifications will be discontinued.

The qualifications have been republished to reflect these dates.

Transition information

Reference	Version	Qualification title	Last date of entry*	Last date of assessment
0756	4	National Certificate in Flooring (Level 4) with strands in Carpet Installation, Fine Sand and Finishes, Flooring Planning and Design, Resilient Flooring Installation, Substrate Preparation, Timber Overlay Installation, and Resin Flooring Application	30/06/2022	31/12/2023
