Date new versions published

December 2021

Summary

Industry requested that these standards remain available for longer than anticipated to ensure learners are not disadvantaged while completing programmes. The last date of assessment for these expiring standards has been extended to June 2022 so that candidates enrolled in the National Certificate in Electrical Engineering (Electrician for Registration) (Level 4) [Ref: 1195] can complete the qualification, having been delayed due to Covid 19 restrictions.

Main changes

- The last date for assessment was extended to 30 June 2022 for all standards except for 15851 which was extended to 31 December 2022 to meet existing programme requirements.
