### Summary of review and consultation process

Consultation included Steiner schools working with the New Zealand Certificate of Steiner Education (NZCSE) as well as key stakeholders, including Principals, Board of Trustees, Proprietors' Trusts, high school teachers and students, and Maori and Pasifika teachers and communities.

Feedback received was given in general terms apart from specifics about pre-requisites per level 1 & 2 and from a number of teachers who questioned if the proposed changes to the structure of NCEA, particularly level 1, would necessitate changes to the NZCSE level 1 as well. This is not the case and Steiner Education Development Trust would prefer to be informed directly by our stakeholders rather than be influenced by outside trends.

Feedback confirmed the three qualifications are viewed by most Steiner schools as being a coherent package considered holistically and not as three separate qualifications.

Steiner Education Development Trust considers the qualifications remain fit for purpose.

### Main changes resulting from the review

No substantive changes.

Qualifications were updated to ensure the qualifications met current requirements for listing.
