

**FIELD                    ENGINEERING AND TECHNOLOGY**

**Republication of *Electrical Engineering* qualification**

**National Certificate in Electrical Engineering (Electrician for Registration) (Level 4)  
[Ref: 1195-3]**

The Skills Organisation has republished the qualification listed above to extend the last date of assessment.

**Date re-published**

**November 2021**

**Rationale**

There are approximately 600 candidates still completing this qualification who have been impacted by Covid-19 lockdowns. The extension will allow them to complete their qualification.

The last date for entry to this qualification has passed and no new enrolments can be made.

**Main changes resulting from the republication**

The last date for assessment of this qualification has been extended from 31 December 2021 to 30 June 2022.

**Transition**

It is not intended that anyone is disadvantaged by this change. Anyone who feels they have been disadvantaged is advised to contact the Skills Organisation at the address given below:
