

Field Business

Revision of *People Development and Coordination* unit standard

Subfield	Domain	ID
Business Operations and Development	People Development and Coordination	27564

Ringa Hora Services Workforce Development Council has completed the revision of the unit standard listed above.

Date new version published

April 2022

Planned review date (unchanged)

December 2025

Summary

The revision to extend the last date for assessment of version 2 has been undertaken at the request of Corrections New Zealand and supported by the Skills Organisation. Standard 27564 changed from 10 credits to 8 credits as a result of the June 2021 review.

This standard is in current programmes leading to the New Zealand Certificate in Offender Management (Level 4) [Ref: 2659] and the New Zealand Certificate in Offender Management (Level 5) [Ref: 3877] which are due for review by October 2023 by Toitū te Waiora Community, Health, Education and Social Services Workforce Development Council. This one-year extension of the last date for assessment of version 2 is to avoid duplication of effort for programme and resource redevelopment outside of review cycle. It also supports the sector that has been hindered by COVID and whose programmes are transitioning to a new organisation later in 2022.

For further information, see the [June 2021 change report](#) for the review of *Business Operations and Development* unit standards.

Main changes

- The last date for assessment of version 2 of unit standard 27564 was extended from 31 December 2023 to 31 December 2024.
- The unit standard was updated to reflect the change of standard setting body.

Detailed list of unit standards – classification, title, level, and credits

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced
