

Field: Manufacturing

Change report for the republication of Automotive Reglazing New Zealand Qualification

Republished qualification

[Ref]	Version	Qualification title	Level	Credits
2947	2	New Zealand Certificate in Automotive Reglazing	4	120

Review information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for the republication	To extend the last date of assessment
Republication date	August 2022
Next review date	August 2026

Summary of review and consultation process

The last date of assessment leading to version 1 of this qualification has been extended to accommodate learners who will be unable to complete learning and assessment of the superseded version due to significant changes made to the new version of the qualification during its review in 2020.

Due to qualification changes and identified gaps, there is additional development work ahead to review and develop suitable unit standards to meet the new qualification graduate profile outcome as well as significant programme development.

Main changes resulting from the review

- The last date of assessment for version 1 of this qualification has been extended from 31 December 2023 to 31 December 2024.
- The Qualification Developer was updated from BCITO Building and Construction Transitional Industry Training Organisation to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council.

Transition information

Ref:	Version	Qualification title	Last date of entry*	Last date of assessment
2947	1	New Zealand Certificate in Automotive Reglazing	N/A	31 December 2024

*only required for outcome category C or D

Any additional information

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to Hanga-Aro-Rau Manufacturing, Engineering and Logistics at the address below. Appeals will be considered on a case by case basis.
