

Field **Manufacturing, and Engineering and Technology**

Revision of *Automotive Reglazing* and *Vehicle Bodywork* unit standards

Subfield	Domain	ID
Glass and Glazing	Automotive Reglazing	22348, 22350, 22353, 26078, 26080, 28766, 28767, 28768
Motor Industry	Vehicle Bodywork	24085

Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council has completed the revision of the unit standards listed above.

Date new versions published

August 2022

Planned review date (no change)

**December 2026
December 2025 (for 24085)**

Summary

The above unit standards are included in programmes leading to the New Zealand Certificate in Automotive Reglazing (Level 3) [Ref: 2947-1]. The last date of assessment leading to version 1 of this qualification has been extended from 31 December 2023 to 31 December 2024. This is to accommodate learners who will be unable to complete learning and assessment before the previous last date of assessment for version 1 due to significant changes made to version 2 of the qualification during its review in 2020.

Due to qualification version changes and identified gaps, there is additional development work ahead to review and develop suitable unit standards to meet the new graduate profile outcome of the New Zealand Certificate in Automotive Reglazing (Level 4) [Ref: 2947-2] as well as significant programme development.

Main changes

- The last date for assessment of superseded versions of the unit standards listed below was extended from 31 December 2023 to 31 December 2024.

Unit ID	Superseded Version/s
22348	3
22350	3
22353	3
24085	2
26078	2
26080	2
28766 (expiring)	1 and 2
28767 (expiring)	1 and 2
28768	1

- The SSB responsible for unit standard 24085 was updated from MITO New Zealand Incorporated to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council.

Impact on Consent and Moderation Requirements (CMR)

Standards currently in CMR 0048 were shifted to CMR 0073.

Detailed list of unit standards – classification, title, level, and credits

Engineering and Technology > Motor Industry > Vehicle Bodywork

ID	Title	Level	Credit
24085	Demonstrate knowledge of automotive glass	3	2

Manufacturing > Glass and Glazing > Automotive Reglazing

ID	Title	Level	Credit
22348	Repair laminated automotive glass	4	5
22350	Remove, manufacture, and replace glass in automotive mirrors	4	5
22353	Remove, refit, and test electrical and electronic components for automotive reglazing	3	5
26078	Demonstrate knowledge of quality standards and land transport rules for automotive reglazing	3	2
26080	Demonstrate knowledge of the surface preparation and use of adhesives and sealants for automotive reglazing	3	3
28766	Carry out pre-work inspection for automotive reglazing	4	5
28767	Demonstrate knowledge of automotive fixtures and fittings related to automotive reglazing	3	5
28768	Remove and replace automotive glass	4	20
