

Field Planning and Construction

Review and expiry of *Construction* unit standards

Subfield	Domain	ID
Construction	Construction Health and Safety, and Injury Prevention	14596-14598, 14600-14608, 14610-14617, 14665, 20746
	Core Planning and Construction	9663, 9664, 9667-9670, 27157, 27158, 27161, 27162, 27186

Waihanga Ara Rau Construction and Infrastructure Workforce Development Council has completed the review of the unit standards listed above.

Summary

The review was undertaken because the unit standards were overdue for review and had low or no recent usage.

Providers with consent to assess were contacted and asked for feedback. There were no objections to the proposed expiry of these unit standards. Worksafe was also consulted on the expiry of Construction Health and Safety, and Injury Prevention unit standards.

Main changes

- 33 standards from the Construction Health and Safety, and Injury Prevention, and Core Planning and Construction domains have been designated expiring

Category D unit standards will expire at the end of December 2024.

Detailed list of unit standards – classification, title, level, and credits

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Planning and Construction > Construction > Construction Health and Safety, and Injury Prevention

ID	Title	Level	Credit	Review Category
14596	Research and develop documentation for health and safety and injury prevention on construction sites	5	5	D
14597	Review an organisation's health and safety performance on construction sites	4	3	D
14598	Explain the reason for health and safety management documentation on construction sites	3	3	D
14600	Research and develop hazard identification and management compliance methods on construction sites	4	5	D
14601	Plan for an on site health and safety compliance audit on a construction site	4	3	D
14602	Research and develop accident and incident investigation procedures on construction sites	4	4	D
14603	Develop an on site emergency response plan and implementation strategy on construction sites	4	4	D

ID	Title	Level	Credit	Review Category
14604	Develop a strategy to coordinate health and safety information and activity on construction sites	4	3	D
14605	Implement on site hazard identification and hazard management on construction sites	4	5	D
14606	Conduct and report an on site accident and incident investigation on a construction site	4	4	D
14607	Implement and report an on site emergency response on a construction site	4	4	D
14608	Conduct an on site health and safety compliance audit on a construction site	4	4	D
14610	Describe strategies for preventing injury on construction sites	3	3	D
14611	Prevent hazards associated with excavation and traffic control on construction sites	4	4	D
14612	Prevent hazards associated with working with scaffolding and false work on construction sites	4	4	D
14613	Prevent hazards when working with cranes, lifting appliances and rigging on construction sites	4	4	D
14614	Prevent hazards associated with demolition on construction sites	4	4	D
14615	Prevent hazards associated with working with hazardous and toxic substances on construction sites	4	4	D
14616	Prevent hazards associated with working with plant on construction sites	4	4	D
14617	Prevent hazards associated with working at heights on construction sites	4	4	D
14665	Apply and assess strategies for reducing risks and preventing injury on construction sites	4	4	D
20746	Explain and implement site safety plan procedures for construction activities	4	8	D

Planning and Construction > Construction > Core Planning and Construction

ID	Title	Level	Credit	Review Category
9663	Demonstrate knowledge of a research/feasibility study of a site	5	5	D
9664	Demonstrate knowledge of building law	5	5	D
9667	Demonstrate knowledge of principles related to provision of services for small buildings	5	5	D
9668	Demonstrate knowledge of principles related to provision of services for medium and large buildings	5	10	D
9669	Evaluate and select materials and finishes for buildings	4	10	D
9670	Identify environmental impacts, design, and construction techniques, on and of the built environment	5	10	D
27157	Determine and describe construction of small buildings	5	20	D
27158	Determine and describe construction of medium and large buildings	6	20	D
27161	Demonstrate knowledge of structural principles for building work	3	3	D
27162	Demonstrate knowledge of and create technical sketches for construction	3	3	D
27186	Demonstrate knowledge of tendering for, and administration of, building construction contracts	5	10	D
