

Field Planning and Construction

Revision and expiry of *Construction Trades* unit standards

Subfield	Domain	ID
Construction Trades	Fibrous Plaster	4316-4318, 4322-4325, 4348-4355, 6126, 6128-6130, 6132, 6133, 17583, 17584, 23534, 23535-23538
	Plaster Board	4326, 4327, 4329-4332, 4335, 6067, 6117-6121, 17581, 17582, 22158
	Specialist Interiors	4336, 4338-4340, 4342-4344, 4346, 4347, 6122, 6124, 6155, 21947, 22217, 22218, 31253, 31255

Waihanga Ara Rau has completed the revision and expiry of the unit standards listed above. The revised standards are in **bold**.

Date new versions published

May 2022

Planned review date

December 2023

Summary

During the review of New Zealand Certificate in Proprietary Systems Installation (Level 4) with strands in Proprietary Partitions, and Suspended Ceilings [Ref: 3060], the Advisory Group recommended the addition of seismic strengthening to the unit standards for the installation of partitions and ceilings. Amendments have been made to Units 31253 and 31255 accordingly and consent to assess holders were informed of the changes. These two unit standards were revised ahead of the scheduled review in 2023 in order to incorporate the important safety consideration.

In addition, a group of unit standards was identified which are no longer required for use in programmes and therefore was designated expiring. Consent to assess holders were notified by email.

Main changes

- Units 31253 and 31255 were amended to include seismic strengthening of partitions and ceilings.
- A group of unit standards was designated expiring because they are no longer required for use in programmes.

The last date for assessment of superseded versions of Category B unit standards is December 2024

Category D unit standards will expire in December 2024

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Planning and Construction > Construction Trades > Fibrous Plaster

ID	Title	Level	Credit	Review Category
4316	Identify and describe the manufacture and storage of fibrous plaster sheets and mouldings	2	2	D
4317	Identify levels of finish, calculate quantities and order stopping compounds for fibrous plaster work	3	4	D
4318	Calculate quantities, check framing and substrate, and set out for fibrous plaster product installation	3	6	D
4322	Demonstrate knowledge of and install flat and corner joints for fibrous plaster sheets	3	6	D
4323	Finish fibrous plaster	2	6	D
4324	Demonstrate knowledge of, calculate quantities, fix and finish curved work in fibrous plaster on site	4	15	D
4325	Apply fibrous plaster cornices	3	5	D
4348	Demonstrate knowledge of and construct specialist systems in fibrous plaster on site	4	15	D
4349	Demonstrate knowledge of, make new and repair existing models for fibrous plaster casting in a factory	4	22	D
4350	Construct straight templates and moulds for fibrous plaster work	3	10	D
4351	Cast flat fibrous plaster sheets	2	3	D
4352	Cast fibrous plaster cornices	3	4	D
4353	Cast straight fibrous plaster decorative mouldings	3	4	D
4354	Demonstrate knowledge of and construct fibrous plaster radiant heating panels in a factory	4	10	D
4355	Demonstrate knowledge of and cast fibrous plaster ceiling panels and tiles in a factory	3	5	D
6126	Demonstrate knowledge of, fix and finish fibrous plaster to architectural details on site	4	22	D
6128	Demonstrate knowledge of and cast fibrous plaster sheets in a factory	3	8	D
6129	Demonstrate knowledge of and cast fibrous plaster decorative mouldings in a factory	4	8	D
6130	Demonstrate knowledge of and cast fibrous plaster cornice in a factory	4	8	D
6132	Demonstrate knowledge of, fix and finish fibrous plaster cornice and mouldings on site	4	15	D
6133	Demonstrate knowledge of, stop and finish fibrous plaster on site	4	35	D
17583	Fix flat fibrous plaster sheets to surfaces	2	8	D
17584	Demonstrate knowledge of and fix flat fibrous plaster sheets to surfaces on site	4	22	D
23534	Demonstrate knowledge of and construct fibreglass moulds for fibrous plaster work in a factory	4	8	D
23535	Demonstrate knowledge of and construct flexible moulds for fibrous plaster work in a factory	4	8	D

ID	Title	Level	Credit	Review Category
23536	Demonstrate knowledge of and construct piece moulds for fibrous plaster work in a factory	4	8	D
23537	Demonstrate knowledge of, and construct templates, run moulds, and make moulds for fibrous plaster work in a factory	4	20	D
23538	Demonstrate knowledge of and construct curved and sectional moulds for fibrous plaster work in a factory	4	8	D

Planning and Construction > Construction Trades > Plaster Board

ID	Title	Level	Credit	Review Category
4326	Identify and describe the manufacture and storage of plaster board sheets and mouldings	2	2	D
4327	Identify levels of finish, calculate quantities and order stopping and finishing compounds for plaster board	3	6	D
4329	Fix flat plaster board to walls	2	4	D
4330	Fix flat plaster board to level ceilings	2	4	D
4331	Demonstrate knowledge of and install mouldings for plaster board work	3	6	D
4332	Finish plaster board areas	2	6	D
4335	Describe and construct specialist systems in plaster board on site	4	18	D
6067	Demonstrate knowledge of and fix plaster board to architectural details on site	4	10	D
6117	Apply paper faced plaster cove	2	2	D
6118	Demonstrate knowledge of, fix and finish paper faced plaster cove on site	3	4	D
6119	Demonstrate knowledge of, stop and finish plaster board areas on site	4	35	D
6120	Demonstrate knowledge of and fix flat plaster board to level and sloping ceilings on site	4	14	D
6121	Demonstrate knowledge of and fix flat plaster board to walls on site	4	20	D
17581	Demonstrate knowledge of and fix curved plaster board on site	4	10	D
17582	Demonstrate knowledge of, stop and finish curved and architecturally detailed plaster board on site	4	18	D
22158	Calculate quantities, check framing and substrate, and set out for plaster board installation	3	8	D
