

## Field: Architecture and Building

### Change report for the republication of Carpentry (Level 4) New Zealand Qualification

#### Republished qualification

[Ref]	Version	Qualification title	Level	Credits
2738	2	New Zealand Certificate in Carpentry with an optional strand in Metal Roof Cladding Installation	4	310-320

#### Republished information

<b>Qualification Developer</b>	Waihanga Ara Rau Construction and Infrastructure Workforce Development Council
<b>Reason for the republication</b>	Extension of last date of assessment of superseded version
<b>Republication date</b>	September 2022
<b>Next review date</b>	January 2027

#### Summary of republication and consultation process

Extension to the last date for assessment of this qualification is required to allow for development of the new programmes leading to version 2 of the qualification.

Extending the last date for assessment will provide learners the opportunity to complete programmes of learning they are enrolled in leading to version 1 of the qualification to continue.

#### Main changes resulting from the republication

The last date for assessment of version 1 of the above qualification was extended from 31 December 2023 to 31 December 2026.

#### Transition information

Reference	Qualification title	Last date of entry*	Last date of assessment
2738-1	New Zealand Certificate in Carpentry (Level 4)	N/A	31 December 2026
