# Field Service Sector

## Review of *Aviation - Core* unit standards

Subfield	Domain	ID
Aviation	Aviation - Core	27028-27056

Ringa Hora Services Workforce Development Council (WDC) has completed the review of the unit standards listed above.

# Date new versions published

# Planned review date

# September 2022

December 2027

# Summary

Ringa Hora Services WDC reviewed 29 unit standards within the *Aviation - Core* domain to better reflect current industry requirements.

Consultation was carried out in June 2022 with stakeholders by email, through the Ringa Hora website, and social media, requesting feedback and amendments to ensure the unit standards reflected current industry requirements. Feedback was incorporated where valid.

# Main changes

- Nine unit standards were reviewed and updated.
- Legislation and references were updated where applicable.
- Edits were carried out to range statements where applicable for clarity.
- 20 unit standards were set to expire without replacement as they are no longer required and have not been used for five years.
- Reviewed unit standards (Category B) were transferred from CMR 0170 to CMR 0028.

# Category D unit standards will expire at the end of December 2022

# The last date for assessment of superseded versions of Category B unit standards is December 2024

# Detailed list of unit standards - classification, title, level, and credits

Ke	Key to review category				
Α	Dates changed, but no other changes are made - the new version of the standard carries the				
	same ID and a new version number				
В	Changes made, but the overall outcome remains the same - the new version of the standard				
	carries the same ID and a new version number				
С	Major changes that necessitate the registration of a replacement standard with a new ID				
D	Standard will expire and not be replaced
