2738	1	New Zealand Certificate in Carpentry	4	320

#### Review information

<b>Qualification Developer</b>	Waihanga Ara Rau Construction and Infrastructure Workforce Development Council
<b>Reason for the review</b>	Scheduled 5-year review
<b>Review date</b>	November 2021
<b>Outcome date</b>	January 2022
<b>Next review date</b>	January 2027

#### Summary of review and consultation process

The review of the New Zealand Certificate in Carpentry (Level 4) was triggered in November 2020. Consultation with providers, industry representatives, current apprentices, and employers resulted in the need for changes to graduate outcomes and the qualification purpose. Initial consultation involved phone interviews with forty-two current apprentices and thirty-seven employers who train apprentices, and phone or on-site/face to face interviews with programme staff from eleven providers with programmes leading to the New Zealand Certificate in Carpentry. An online survey returned 164 responses from construction businesses who train apprentices. The revised qualification was considered and agreed by the Building and Construction Industry Training Organisation National Advisory Groups for Carpentry and Commercial Construction.

#### Main changes resulting from the review

##### Title-strand

Optional strand added to cover metal roof cladding installation.

##### Strategic Purpose Statement

Licensed Building Practitioner Scheme alignment statement shifted from the qualification Strategic Purpose Statement section to the Employment, Cultural, Community, Pathway section.

##### Minor rewording of GPOs

GPO 1. Building regulations and compliance replaces legislative frameworks

GPO 4. Construction replaces wall, roof, ceiling, column, post, beam, and portal

GPO 5. Roof cladding has been removed

GPO 7. Support replaces supervise

GPO 8. Commercially viable construction environment replaces commercial environment.

#### New GPOs

GPO 9. Apply knowledge of roof cladding installation methodology and weather proofing compliance requirements for buildings. (10 credits)

GPO 10. Carry out all aspects of metal roof cladding installation to achieve weather proofing compliance requirements for buildings. (10 credits)

#### Credits

GPO credits redistributed to reflect changes. No change to qualification total credits.

### Review outcome
