

Field: Community Client Care

Change report for the republication of the New Zealand Certificate in Health and Wellbeing (Primary Care Practice Assistance) (Level 4)

Republished qualifications

[Ref]	Version	Qualification title	Level	Credits
2990	2	New Zealand Certificate in Health and Wellbeing (Primary Care Practice Assistance)	4	120

Republication information

Qualification Developer	Toitū te Waiora Workforce Development Council (WDC)
Reason for the republication	Change to the last date of assessment of version 1 of this qualification
Outcome date	August 2023
Next review date	December 2024

Summary of review and consultation process

Toitū te Waiora WDC was approached by a key provider with a request that the last date of assessment of the superseded qualification 2990-1 be extended. The current version 2990-2 of the qualification will be reviewed in 2024. Moving the last date of assessment of version 1 to the end of 2026 will allow all providers more time to revise programmes to either version 2 or 3 of the qualification once the 2024 review is finished. Therefore, providers will have no need to move to version 2 of the qualification prior to 31 December 2023.

Main changes resulting from the republication

The last date of assessment for version 1 of this qualification has been changed from 31 December 2023 to 31 December 2026.

Transition information

Reference	Version	Reviewed qualification	Last date of assessment
2990	1	New Zealand Certificate in Health and Wellbeing (Primary Care Practice Assistance) (Level 4)	31 December 2026

Any additional information

Any person who considers they have been disadvantaged by these transition arrangements may appeal to Toitū te Waiora WDC at the address below. Appeals will be considered on a case-by-case basis.
