Republication information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council (Hanga Ara-Rau WDC)
Reason for the review	Extensions to last dates for assessment
Review date	July 2023
Outcome date	August 2023
Next review date	June-August 2025

Summary of development/review and consultation process

The sole provider of programmes leading to these qualifications initiated this review by contacting Hanga Aro-Rau WDC requesting the extension of the last date of assessment to superseded versions of the above qualifications.

The extension allows this provider to enrol ākonga in programmes leading to the qualification and allows time for this provider to complete a series of unification transformation pilots.

The extension ensures ākonga are not disadvantaged and enables this provider to avoid duplication of effort for programme and resource redevelopment while focussing on the Unification of Programme of Work.

Main changes resulting from the development/review process

The last date of assessment for version 2 of these qualifications has been extended from 31 December 2023 to 31 December 2025.

The last date of assessment for version 3 of these qualifications has been extended from 31 December

2023 to 31 December 2025.

The qualification developer details were updated from Competenz to Hanga-Aro-Rau WDC.

Qualification review outcome categories

Outcome	Result	Category
Minor changes to the qualification	Qualification version number and ID (Ref) remain the same New review date is required	A
Moderate changes to the qualification	New qualification version number ID (Ref) remains the same New review date is required	B
Significant changes to the qualification	New replacement qualification with a new ID (Ref) The existing qualification will expire	C
The qualification is no longer required by industry	The qualification will expire with no replacement	D
