The Hanga-Aro-Rau – Workforce Development Council has completed a revision of the unit standards listed above.

**Date new versions published**

**January 2023**

**Planned review date**

**December 2025**

**Summary**

Providers have consulted with Hanga-Aro-Rau Workforce Development Council, requesting an extension to the unit standards LDA to align with the LDA of the above qualifications. The last date of assessment (LDA) of the superseded versions of these unit standards is currently set at 31 December 2023. The LDA for the superseded versions of the associated qualifications New Zealand Certificate in Dairy Processing (Level 3) [Ref: 2562-2] and New Zealand Certificate in Dairy Processing (Level 4) [Ref 2563-2] is 31 December 2024. Currently, the LDA of the above unit standards will not allow currently enrolled learners the time to complete unit standard assessment activities prior to their expiry. Extending the unit standards' LDA to align with the qualifications will provide learners sufficient time to complete version 2 of their qualification.

**Main changes**

- Superseded versions of unit standards with the last date of assessment of 31 December 2023 have had the date extended to 31 December 2024.
