

## Field: Chemical Engineering

# Change report for the republication of Energy and Chemical New Zealand Qualifications

### Republished qualifications

[Ref]	Version	Qualification title	Level	Credits
2305	2	New Zealand Certificate in Energy and Chemical Operations (Plant and Machinery)	3	60
2306	2	New Zealand Certificate in Energy and Chemical Operations (Boiler Operation)	3	50

### Republication information

<b>Qualification Developer</b>	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
<b>Reason for the republication</b>	<b>Extensions to last dates for entry and assessment</b>
<b>Review date</b>	<b>June 2023</b>
<b>Outcome date</b>	<b>July 2023</b>
<b>Next review date</b>	<b>Expiring</b>

### Summary of republication and consultation process

The provider of programmes leading to these qualifications requested the extensions of last date of entry and last date of assessment to the expiring versions of the above qualifications.

These extensions allow the provider to enrol ākonga in programmes leading to the expiring qualifications and allow time for programme development leading to the replacement qualifications.

To ensure no learners are disadvantaged, the last date of entry and the last date of assessment for the republished qualifications has been extended.

### Main changes resulting from the republication

The last date of entry for version 2 of these qualifications has been extended from 31 December 2022 to 31 December 2024.

The last date of assessment for version 2 of these qualifications has been extended from 31 December 2023 to 31 December 2025.

The qualification developer details were updated from Primary ITO to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council.

### Transition information

Reference	Version	Qualification title	Last date of entry*	Last date of assessment
2305	2	New Zealand Certificate in Energy and Chemical Operations (Plant and Machinery) (Level 3)	31 December 2024	31 December 2025
2306	2	New Zealand Certificate in Energy and Chemical Operations (Boiler Operation) (Level 3)	31 December 2024	31 December 2025

*\*only required for outcome category C or D*

### Any additional information

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council at the address below. Appeals will be considered on a case-by-case basis.
