Republication information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for republication	To extend last dates of assessment of current versions of the qualifications.
Review date	May 2023
Outcome date	July 2023
Next review date	N/A

Summary of republication process

New Zealand qualifications have been developed to replace these National Qualifications, however extensions have been requested to allow for those candidates currently enrolled to complete these qualifications while programs leading to the New Zealand qualifications are being developed.

Main changes resulting from the development/review process

The last date of assessment will extend from 31 December 2023 to 31 December 2024 for the following qualifications:

- 1) National Certificate in Extractive Industries (Mining Administration B Grade Tunnel Manager) (Level 5) with an optional strand in Coal Mine Deputy [Ref: 1535], version 4
- 2) National Certificate in Extractive Industries (Mining Administration Surface Extraction B Grade) (Level 5) [Ref: 1536], version 2
- 3) National Certificate in Extractive Industries (Mining Administration Surface Extraction B Grade) (Level 5) [Ref: 1537], version 2
- 4) National Certificate in Extractive Industries (Mining Administration) with strands in A Grade Tunnel Manager, and Coal Mine Underviewer, version 3.

The Qualification Developer detail has been updated from MITO to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council.
