Review of *Joinery Operational Skills* unit standard 30768

Subfield	Domain	ID
Joinery	Joinery Operational Skills	30768

Waihanga Ara Rau Construction and Infrastructure Workforce Development Council (WDC) has completed the review of unit standard 30768.

Date new versions published

June 2023

Planned review date

December 2028

Summary

Waihanga Ara Rau Construction and Infrastructure WDC, Master Joiners, providers and representatives from the kitchen joinery industry have developed the unit standards for programmes leading to the New Zealand Certificate in Kitchen Joinery (Level 4) with strands in Manufacture, and Installation [Ref: 4301]. As a part of this process, unit standard 30768 was reviewed and new unit standards developed.

Industry organisations, employers, subject matter experts, and training providers from the kitchen joinery industry were consulted during February and March 2023 via email and online meetings.

Main changes

- Unit standard 30768 was replaced with unit standard 33272.
- New unit standards 33266 – 33271 were developed.

Impact on existing organisations with consent to assess

Organisations who wish to apply for consent to assess the new unit standards can contact qualifications@waihangaararau.nz.

Category C unit standard 30768 will expire at the end of December 2027

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Manufacturing > Joinery > Joinery Operational Skills
