

Field Community and Social Services

Revision of *Health and Disability Principles in Practice* unit standard 32385

Subfield	Domain	ID
Health, Disability, and Aged Support	Health and Disability Principles in Practice	32385

Toitū te Waiora Community, Health, Education and Social Services Workforce Development Council has completed the revision of the unit standard listed above.

Date new version published

May 2023

Planned review date

December 2026

Summary

Toitū te Waiora received advice from Careerforce te toi pūkenga that a requirement for two plans to be developed for two different people presented a barrier to completion for caregivers who support only one person, often in a home-based situation. It was not intended that this standard should only be used by people who support more than one person, so the requirement has been removed.

It is not expected that this change, which applied only to outcome 2, would have a significant effect upon the notional learning hours and assessment, so the credit total has not been changed.

Main changes

- Guidance Information 2 was amended to remove the assessment requirement for personal plans for two different people.
