Change report for the republication of the Port Operations New Zealand Certificate

Republished qualifications

Ref	Version	Qualification Title (Level)	Credits
2814	3	New Zealand Certificate in Port Operations (Level 3) with strands in Port Administration, Cargo Handling, and Heavy Machine Operation	75

Republication information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for the republication	To extend the last date of assessment for superseded version.
Outcome date	November 2023
Next review date	April 2026

Summary of development/review and consultation process

Representatives from the ports and stevedoring industry and providers requested an extension to the last date of assessment for superseded version 2 of the qualification.

The reason for the extension was to allow a reasonable amount of time for the redevelopment of programmes, new delivery plans and redeveloped learning, teaching, and assessment resources with ongoing delivery available for learners during the transition of training from MITO New Zealand Incorporated to Port and Crane Academy of New Zealand Ltd.

The date has been extended to 31 December 2024.

Main changes resulting from the development/review process

- The last date of assessment for version 2 of this qualification has been extended from 31 December 2023 to 31 December 2024.
- Standard setting body details were updated in the 'General conditions for programme' and 'additional transition information' sections from MITO to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council.

Any additional information

It is not intended that any existing candidate be disadvantaged by these transition arrangements; however, anyone who feels they have been disadvantaged may appeal to:
