Reviewed

Ref	Version	Title	Level	Credits
4319	1	New Zealand Certificate in Timber Structure Manufacture with strands in Wall Frame Manufacture, and Roof Truss Manufacture	3	55

Review information

Qualification Developer	Waihanga Ara Rau Construction and Infrastructure Workforce Development Council
Reason for the review	Early review and addition of Flooring Cassette Manufacture strand
Review date	July 2023
Outcome date	September 2023
Next review date	September 2028

Summary of development/review and consultation process

Waihanga Ara Rau WDC was approached by the only provider of programmes leading to the qualification listed above, seeking a credential for Flooring Cassette Manufacturers.

A technical advisory group was established in May 2023 that included representatives of the Frame and Truss Manufacturers Association (FTMA), a range of commercial businesses, and the programme provider. Online consultation meetings were held through May-June 2023. As a result, it was decided that a new Flooring Cassette Manufacture strand be added to the qualification.

The draft of the reviewed/replacement qualification was advertised on the Waihanga Ara Rau WDC website and sent to the FTMA membership network for feedback. No further feedback was received through this last round of consultation. The technical advisory group fully supports the final draft of this reviewed qualification

Main changes resulting from the development/review process

- Addition of a Flooring Cassette Manufacture strand to the *New Zealand Certificate in Timber Structure Manufacture (Level 3)* [Ref: 4319].
- Amendment to Qualifications Specifications to reflect industry expectations for programme providers and WDC programme endorsement considerations.
- Standards Setting Body contact information changed, and transition information updated.
