**Change report for the republication of Industrial Measurement and Control
Qualification**

Republished qualification

Ref	Version	Title	Level	Credits
2253	2	New Zealand Certificate in Industrial Measurement and Control (Level 5) with strands in Process Control, and Process Automation	5	75-80

Republication information

Qualification Developer	Waihanga Ara Rau Construction and Infrastructure Workforce Development Council
Reason for the republication	Extension of the last date for assessment of version 1
Outcome date	September 2023
Next review date	31 July 2025

Summary of republication process

At the request of providers, the last date for assessment of superseded version of the qualification was extended to allow time for learners to complete version 1 of this qualification and the providers to review and update the programme/resources for version 2.

Main changes resulting from the republication

The last date of assessment for superseded version 1 of this qualification was extended from 31 December 2023 to 31 December 2024.

The qualification developer was changed from The Skills Organisation to Waihanga Ara Rau Construction and Infrastructure Workforce Development Council.
