

**Field      Manufacturing**

**Development of *Plastics Fabrication* unit standards**

Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council has completed the development of the unit standards listed below.

**Date new versions published**

**September 2023**

**Planned review date**

**December 2027**

**Summary**

The unit standards were developed in conjunction with industry stakeholders and training providers for the plastics fabrication industry, to recognise the knowledge and skill requirements for plastics fabricators working in the acrylics sector.

Amendments and updates were discussed at meetings through October 2022 – February 2023 and via email consultation. All relevant feedback was actioned where appropriate.

**Detailed list of unit standards – classification, title, level, and credits**

Manufacturing > Plastics Processing Technology > Plastics Fabrication

<b>ID</b>	<b>Title</b>	<b>Level</b>	<b>Credit</b>	<b>Review Category</b>
33284	Assemble acrylic components using chemical bonding agents	4	10	New
33285	Fabricate and assemble acrylic components	3	10	New
