**Summary of review and consultation process**

Qualification Developer responsibilities for the above qualification was transferred to Ringa Hora Workforce Development Council on its establishment in October 2021 from Competenz.

There were 44 completions of the qualification between 2014 and 2022.

Ringa Hora Workforce Development Council subsequently contacted the previous programme owner and promoted the proposal to expire the qualification through the Ringa Hora website, but it was agreed that the qualification be kept.

No substantive changes to the qualification are needed but it has been updated to meet current qualification requirements, including combing two outcomes to round up credit values.

**Main changes resulting from the review**

- Information was added for programme developers regarding programme endorsement considerations.
- The qualification was identified as a standalone qualification, with no pathways available.
- Legislation was added to the general programme conditions.
- Outcomes 2 and 3 were combined to round up the credit value.
- A context was added to the optional strand GPO for clarification.
- The last date for assessment for version 3 of this qualification is 31 of December 2026.
