

Field Planning and Construction

Revision of *Carpentry* unit standards

Subfield	Domain	ID
Construction Trades	Carpentry	13043, 13045, 13046, 24364, 24396

Waihanga Ara Rau Construction and Infrastructure Workforce Development Council (WDC) has completed the revision of the unit standards listed above.

Date new versions published

March 2024

Planned review date

December 2026

Summary

Waihanga Ara Rau WDC, in consultation with the relevant provider, has revised the unit standards listed above to extend the last date for assessment of one previous superseded version in each standard to 31 December 2024. This is to align the last date for assessment of these versions of the unit standards with the last date for assessment of the Foundation Construction qualification. This is to remove a barrier for current learners and allow time for programme completion.

Main changes

- The last date for assessment has been extended from 31 December 2023 to 31 December 2024 for the superseded versions of the following unit standards:
 - version 3 - 13043, 13045, and 13046; and
 - version 1 - 24364 and 24396.
