Muka Tangata – People, Food and Fibre Workforce Development Council has completed the rollover of the Level 6 Forestry unit standards listed above.

**Date new versions published****May 2024****Planned review date****December 2028****Summary**

Muka Tangata identified the Level 6 Forestry unit standards listed above that are scheduled for review in 2024 as part of the review of all Forestry qualifications and standards from May 2023-August 2024. Consultation was conducted with industry, providers and NZQA representatives determining the above unit standards will be rolled over until December 2028 and will be replaced with skill standards. This is to ensure sufficient time is given for learners and providers to complete their current enrolled programmes.

**Main changes**

- Five unit standards did not undergo full consultation and were rolled over to allow them to be used in programmes while further development of skill standards takes place.
- The planned review date is extended from 31 December 2024 to 31 December 2028.
- Standard setting body has been changed to Muka Tangata - People, Food and Fibre Workforce Development Council.
