Republication of *Mechanical Engineering* New Zealand Qualifications

Republished qualifications

Ref	Version	Qualification Title (Level)	Credits
2714	2	New Zealand Certificate in Mechanical Engineering (Trade) with strands in Fitting and Machining, General Engineering, Machining, Maintenance Engineering, Metal Forming, and Toolmaking (Level 4)	280-300
2717	2	New Zealand Certificate in Mechanical Building Services (Trade) (Level 4)	280
2719	2	New Zealand Certificate in Engineering Fabrication (Level 4)	255-270

Republished information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for the review	To extend the last date of assessment for superseded version 1
Review date	May 2025
Outcome date	August 2025
Next review date	May 2026 (Unchanged)

Summary of republication process

The last date of assessment for superseded version 1 of the above qualifications is December 2026. Programme development for version 2 of the qualifications has been delayed due to a lack of relevant Level 4 standards registered on the NZQCF framework. Skill standard development is required by Hanga-Aro-Rau Workforce Development Council to address this. The standards development and subsequent programme development will not be completed by the current last date of assessment of version 1 of the qualifications.

This extension to the last date of assessment for the superseded versions will allow programme developers time to undertake the required programme development.

The last date of assessment for version 1 of these qualifications has been extended from 31 December 2026 to 31 December 2027.

Main changes resulting from the republication process

The last date of assessment for superseded version 1 of these qualifications was extended from 31 December 2026 to 31 December 2027.

Transition information

Ref:	Version	Qualification Title (Level)	Last date of entry*	Last date of assessment
2714	1	New Zealand Certificate in Mechanical Engineering (Trade) with strands in Fitting and Machining, General	N/A	31/12/2027

		Engineering, Machining, Maintenance Engineering, Metal Forming, and Toolmaking (Level 4)		
2717	1	New Zealand Certificate in Mechanical Building Services (Trade) (Level 4)	N/A	31/12/2027
2719	1	New Zealand Certificate in Engineering Fabrication (Level 4)	N/A	31/12/2027

**only required for outcome category C or D*

Any additional information

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council at the address below. Appeals will be considered on a case-by-case basis.
