Rollover and revision of *Gas Industry* unit standards

Subfield	Domain	ID
Gas Industry	Gas Measurement	12456, 30382, 32749
	Gas Network Construction	9550, 10975, 10982, 10988, 10993, 30374, 30376, 32332, 32335-32339
	Gas Network Operations	12503, 12518, 19543, 19552, 19557, 19560, 30379, 30380, 30383-30385, 32330, 32331, 32333, 32334
	Gas Transmission Operations	25315

Waihangā Ara Rau Construction and Infrastructure Workforce Development Council has completed the rollover and revision of the unit standards listed above.

Date new versions published

August 2025

Planned review date

December 2026

Summary

Waihangā Ara Rau Construction and Infrastructure Workforce Development Council in partnership with representatives from the gas infrastructure industry has extended the next planned review date of the above unit standards to December 2026 to align with the review of the gas qualification suite in 2026. There were no changes to classification, title, level or credits. The gas sector has confirmed these unit standards remain fit for purpose.

Main changes

- Guidance information was updated for industry standards AS/NZS 2885.2-2020 *Pipelines – Gas and liquid petroleum Part 2: Welding*, AS 2885.3-2022 *Pipelines – Gas and liquid petroleum Operation and maintenance*, AS/NZS 5601.1:2022 *Gas installations – Part 1: General installations*, and NZS 5266:2014 *Safety of gas appliances*.
- The planned review date was extended from 31 December 2025 to 31 December 2026.
- Standard Setting Body was changed from MITO New Zealand Incorporated to Waihangā Ara Rau Construction and Infrastructure Workforce Development Council.

Impact on Consent and Moderation Requirements (CMR)

CMR was updated from CMR 0014 to CMR 0120.
