Ringa Hora Services Workforce Development Council has completed the revision of the unit standard listed above.

**Date new versions published**

**February 2025**

**Planned review date (no change)**

**December 2027**

**Summary**

The revision was undertaken after a request from our Quality Assurance team who were pre-moderating this unit standard from a provider. After discussion and requests to Stats NZ and MBIE for statistical information to support the evidence required, it was decided that there was little evidence that they had provided that could support the required evidence. To make allowance for this, a minor change was made to Outcome 1.2. The consultation process was robust and took place during October and November 2024.

**Main changes**

- Guidance information updated to incorporate more websites for resources to support the unit standard.
- Performance criterion 1.2 changed to include the range (may include but is not limited to).
