Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for the development	New qualification
Review date	March 2023 – May 2025
Outcome date	July 2025
Next review date	July 2030

Summary of development and consultation process
<p>Hanga-Aro-Rau Workforce Development Council developed this new qualification through extensive industry consultation with a diverse and representative group of stakeholders from across New Zealand's passenger ropeway, ski tourism, engineering, and regulatory sectors.</p> <p>This collaboration was driven by the need to address long-standing training gaps, improve safety assurance, and establish a formal pathway for workforce development in this high-risk, highly specialised sector.</p> <p>The qualification is suitable for learners currently working in the passenger ropeway industry and who have relevant experience and skills in mechanical and/or electrical maintenance.</p>

Main changes resulting from the development process
New qualification listed: New Zealand Certificate in Passenger Ropeways Maintenance Engineering (Level 4) with optional strand in Conveyor Systems [Ref: 5365]
