Summary

Muka Tangata – People, Food and Fibre Workforce Development Council has changed the scheduled review date of the unit standards in the *Vegetable Production* domain to maintain their currency and allow time for a review to take place before December 2027.

Muka Tangata had approached industry representatives with a proposal to expire the standards due to low use. However, industry representatives indicated their intention to include the standards in proposed programmes and requested they not be designated expiring. Muka Tangata proposes to review the standards in conjunction with the planned review of the *Horticulture* qualifications.
