The Waihanga Ara Rau Construction and Infrastructure Workforce Development Council has completed the rollover of the expiring unit standards listed above.

#### Date new versions published

**July 2025**

#### Summary

The last date for assessment for these expiring unit standards was extended to allow the provider time to update programmes and materials in response to an urgent review of the New Zealand Certificate in Glazing [Ref: 2945]. Industry and the Building and Construction Industry Training Organisation (BCITO) were consulted and agreed with the proposed extension.

#### Main change

- The last date for assessment for current and superseded versions was extended from 31 December 2025 to 30 June 2026.
