

## Field: Engineering and Technology

### Republication of *Collision Repair* New Zealand Qualifications

#### Republished qualifications

Ref	Version	Qualification Title (Level)	Credits
3008	2	New Zealand Certificate in Collision Repair and Automotive Refinishing (Level 3)	120
3012	2	New Zealand Certificate in Collision Repair (Structural Repair) (Level 5)	90

#### Review information

Qualification Developer	Hanga-Aro-Rau Manufacturing, Engineering and Logistics Workforce Development Council
Reason for the republication	To extend the last date of entry
Republication date	October 2025
Outcome date	October 2025
Next review date	These qualifications are expiring and will be discontinued 31 December 2027

#### Summary of republication and consultation process

The qualifications listed above have a last date for entry of 31 December 2025. Following consultation with industry and training stakeholders, the last date of entry has been extended to 30 June 2026.

The last date for assessment remains unchanged at 31 December 2027.

This decision was made to:

- Provide stability during sector-wide reforms.
- Allow sufficient time for redevelopment of programmes aligned with replacement qualifications by the planned 2026 review.

#### Main changes resulting from the republication process

Last date of entry extended from 31 December 2025 to 30 June 2026 for both qualifications.

#### Transition information

Ref:	Version	Qualification Title (Level)	Last date of entry*	Last date of assessment
