Qualification Developer	Waihanga Ara Rau Construction and Infrastructure Workforce Development Council
Reason for the review	Scheduled qualification review
Review date	October 2024 to August 2025
Outcome date	{Completed by NZQA when outcome is published on NZQA website}
Next review date	September 2030

Summary of review and consultation process
Waihanga Ara Rau, representatives from the asphalt and bituminous manufacturing industries, and the provider reviewed the New Zealand Certificate in Civil Infrastructure Bituminous Product Manufacturing (Level 4) from October 2024 to August 2025. The qualification review was the scheduled five-yearly review. Consultation was undertaken at online meetings with industry stakeholders, Civil Contractors New Zealand (CCNZ), and the organisation with consent to assess. The collated feedback confirmed that while there are no approved programmes or graduates for the qualification it is still required. The feedback informed the qualification review outcome and only minor changes were made to update information for the current version of the qualification template.

Main changes resulting from the review process
Minor changes to the qualification specifications and transition information were made to reflect changes to dates and version.

Review outcome

Ref:	Version	Qualification Title	Outcome category	New qualification ID/version (as applicable)
4191	1	NZ Certificate in Civil Infrastructure Bituminous Product Manufacturing (Level 4)	B-New version of qualification	4191-2
