Ringa Hora Services Workforce Development Council has completed the rollover of the unit standards listed above. The unit standards in italics are rollover and revision.

Date new versions published

September 2025

Planned review date

December 2027

Summary

Ringa Hora rolled over 32 unit standards in *Travel* domain that were due for review by December 2025. A further 24 unit standards were revised and rolled over where minor updates were also required for currency. The revision and rollover of these unit standards will allow better alignment with the next review of the travel qualification and the associated development of skill standards to support programmes leading to it.

The purpose of the extension was to confirm that the standards were and continued to be useful and relevant to the sector. Relevant industry stakeholders have confirmed that these unit standards are still fit for purpose and agreed that there is little benefit in making significant changes to these unit standards at this time
