	Temporary Traffic Management	32007

Energy and Infrastructure Industry Skills Board has completed a rollover and revision of the unit standards listed above.

**Date new versions published**

**January 2026**

**Planned review date**

**December 2027**

### **Summary**

Waihanga Ara Rau Workforce Development Council confirmed with industry the unit standards listed above are still fit for purpose. The rollover and revision of the unit standards will allow time for a review and the development of skill standards before December 2027. The unit standards were also shifted from the WDC to the ISB to reflect the intent of the VET reforms.

### **Main changes**

- Guidance information was updated in unit standards 6441, 6479, 15941, 31515-31518, and 32007, to be in line with industry requirements.
- The planned review date for the unit standards above was extended to 31 December 2027.
- The standard setting body details were updated to the Energy and Infrastructure Industry Skills Board.
- Unit standards 6479 and 28714 were updated to the new unit standard template.
- The title of Unit 20869 as the prerequisite in unit standard 26793 was updated.
- Outcome 2 of unit standard 28715 was updated to include the context.
- The purpose statement of unit standard 31469 was updated to align with the outcome.
- Performance criteria of unit standard 32270 were updated to correct the typos.

## **Impact on Consent and Moderation Requirements (CMR)**

- The CMR was updated from CMR 0101 to CMR 0120.
