Date new versions published

March 2026

Summary

The Food and Fibre Industry Skills Board has revised the last date of assessment (LDA) for the above unit standards to align with the LDA of version 2 of the New Zealand Diploma in Field Hydrology (Level 5) [Ref: 2344-2]. These unit standards were reviewed as part of the recent Field Hydrology qualification development project.

Main changes

- The last date of assessment has been extended from 31 December 2027 to 31 December 2028 to align with the associated qualification and to support transition arrangements. The standards remain expiring.
- The details of the standard setting body (SSB) have been updated to Food and Fibre Industry Skills Board.
