Explanatory notes

Assessment information

Evidence generated during assessment against this unit standard must be consistent with industry practice and knowledge. Such knowledge is available in reference texts, models, and other information-bearing media. No one textbook or other source of information is envisaged, as new approaches to the correction of permanent wave problems are published regularly.

Outcomes and evidence requirements

Outcome 1

Describe permanent wave problems.

Range buckled ends, split ends, over-processing, uneven curl formation, under-developed curl formation, fish hooks.

Evidence requirements

- 1.1 Types of permanent wave problems which can occur are identified and their symptoms described.
- 1.2 Reasons these permanent wave problems occur are described.

Outcome 2

Describe the selection and procedure of a permanent wave correction technique.

Range buckled ends, split ends, over-processing, uneven curl formation, under-developed curl formation, fish hooks.

Evidence requirements

- 2.1 The range of correction techniques is described.
- 2.2 The correction technique most appropriate for the identified problem is identified and described.
- 2.3 The tools and equipment required to perform the correction technique are described.
- 2.4 The products and/or chemicals required to perform the correction technique are described.
- 2.5 The correct client service details for the correction technique are described.

Range may include but is not limited to – client protection, chemical procedure, neutralising, cutting, rod selection.

Outcome 3

Describe the permanent wave correction follow-up actions.

Evidence requirements

- 3.1 The necessary steps to prepare the client for the service which may follow are described.

Range may include but is not limited to – shampoo, cut, blow wave, set, colour.

- 3.2 The home hair care programme to be followed by the client is described.

Range product, hair maintenance.

Consent and Moderation Requirements (CMR) reference	0020
--	------

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMRs). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

Comments on this unit standard
